# Join our journey

## We need your feedback

The Club would like to hear back from its members and guests about our initiatives and our breakfasts. You are encouraged to post your feedback and recommendations to the Club at our Discussion Forum at our website. We welcome anyone to come along and join us in our discussion.

## Further improvements

During the last 13 years as one of the best University clubs in New Zealand, we have hosted events that are both beneficial for the students and the University as well. In Semester 1, we offered ten students and ten teachers from different high schools in the Auckland region's Young Enterprise Scheme to join in on our breakfasts. We plan to continue this in Semester 2.

The Club has also started to add value to the community through its partnership with Oxfam New Zealand. The Club aims to co-host a series of fund raising events in partnership with Oxfam to join the fight against HIV/AIDS and Poverty in Africa. We have kick-started this initiative by contributing \$1000 to Oxfam. With the help of fellow university students around New Zealand, the Club aims to gather a critical mass of supporters to join our campaign.

## Save others from poverty

Towards the end of the year, the Club aims to host a major event to raise funds for HIV/AIDS and Poverty. This event will involve the presence of an internationally known individual who have been a strong supporter for the cause of charity organization.

For more information of this cause please contact us or visit our website. Please make a pledge on our website as all proceeds will go to the Oxfam HIV/AIDS POVERTY. **Show us your support.**

Show that you care by acting **NOW**
